

- I acknowledge that the practice times for my swimmer's program will shift later by up to one hour during the High School swim season from mid-November through mid-February. All programs at this location are impacted with a similar shift in practice time.
- I understand that there may be additional "No Swim" or "Black-Out" dates due to High School swim meets at my swimmer's training location. I also understand that "No Swim" and "Black-Out" dates are part of the rental agreement with our training sites. These dates are factored into the overall registration fee and are not subject to refund.
- TCSD is not able to offer make-up practices for missed sessions. Swimmers are not permitted to attend practice outside of their scheduled session days and times.
